Mrs. Rieker Is To Leave Post Of OBSERVER Editorship

Mrs. Jane L. Rieker, editor of GLADES OBSERVER, yesterday announced her resignation effective two weeks hence.

Mrs. Rieker will become an associate in Press Bureau, Delray Beach. Previous to joining Mr. and Mrs. Hank Cohen there, she will work with the steering committee of the school bond campaign in West Palm Beach in publicizing the \$10,900,000 issue prior to the November election.

The editor has been with the newspaper four and a half years, since coming to the Glades when the publication was the local Pahokee News, before it expanded to become the areawide OBSERVER.

"I regret leaving the Glades," Mrs. Rieker said in her resignation. "But to paraphrase an old saying 'You can take the girl out of the city but you can't take the city out of the girl,' and it's as simple as that."

"It is not enjoyable to leave the warmth of Glades friendships," Mrs. Rieker added. "But in the past year it has become increasingly clear to me that nonetheless I must reluctantly return to urban life wherein the scope of my professional career may be widened."

Mrs. Rieker said she will continue her duties as Palm Beach County area correspondent for Time Inc., publishers of Time, Life, Fortune, and Sports Illustrated, and as secretary-treasurer of Lake Shore Press Incorporated, pending sale of her interest in the company.

A native of Ohio, Mrs. Rieker came to the Glades from Washington, D.C. As a resident of Pahokee she served three years on the board of directors of the Pahokee Chamber of Commerce and has been active in the Pahokee Business & Professional Women's Club and Glades civic affairs.

KISSIMMEE BOAT-A-CADE TO TERMINATE IN BELLE GLADE

BELLE GLADE — The fabulous Kissimmee Boat-a-Cade, which won't be held on the Kissimmee River this year because of low water levels, will terminate in Belle Glade as its terminal on a fresh-water mass boat trip next month.

Some 1200 to 2000 boat enthusiasts will start the annual Boat-a-Cade festival on Wednesday, Oct. 17 with an all-day celebration in Kissimmee. Then they go overland to Melbourne, where an estimated 500 to 700 boats will embark on a trip down the Indian River.

The Boat-a-Cade will use the Inland Waterway, the St. Lucie Canal and Lake Okechobee's rim canal en route to Belle Glade, where the tour will arrive Oct. 19.

PAHOKEE CO-ED IS FIRST EDUCATION BENEFICIARY

PAHOKEE — Jan Chastain, the beautiful "Miss Pahokee Harbor of 1956," is the first "war orphan" in Florida who has been assured financial assistance by the federal government for her college education, under provisions of an act passed by the last session of Congress.

One of an estimated 4,000 such orphans in Florida, Jan will pursue her studies at Florida State University in Tallahassee, where she has enrolled as a freshman.

Her father, W. H. Chastain, was in the Navy in World War II. His ship sank in the South Pacific and he swam to safety despite a serious injury. He was discharged from the Navy with a 100 percent disability. In 1952 he died as a result of his injury.

Jan made her home with her aunt and uncle, Mr. and Mrs. E. L. Pope of Pahokee while her father was in the Pacific. She attended kindergarten in Pahokee, transferring upon her return to Jacksonville to attend elementary school.

She attended Pahokee high school, graduating in June. During her senior year she used her period of leave to attend the Bridges in the elementary school. Elementary education was always her plans for a career.

Mr. Pope recently read the Congressional Record of the passage of the War Orphans Educational Assistance Act of 1956. L. V. McClelland, veterans representative for the Glades area, was very cooperative in assisting Jan in making the necessary application.

Last week Jan discussed her plans with helpful VA officials at the Don Ce-Sar Regional Center in St. Petersburg. To aid her in outlining her educational pro-

Industry Group Is Named

BELLE GLADE — Newly formed industrial sites committee of the Belle Glade Chamber of Commerce will hold its second meeting next Tuesday noon, when G. H. Schultze, county zoning director, will confer with the group.

The committee held its initial meeting last Tuesday, and decided to supplement the chamber's economic data book, bringing it up-to-date and including site locations for industry. A wall map of the city and surrounding area with locations located will be one of the first projects the committee will undertake.

Members of the committee which will work in conjunction with the standing industrial committee, are: James Ball, I. L. Price, Junius Harris, R. E. Hotard, and George C. Young, chairman.

Volume Steady At Cattle Sale

BELLE GLADE — Cattle prices were mostly steady this week, with slaughter calves bringing 75c to \$1.50 more per cwt. than a week ago, at the Monday sale at Glades Livestock Market, according to George C. Young, manager.

BROADCAST PAHOKEE GAMES

BELLE GLADE — Radio Station WSWN of Belle Glade will tape record all of Pahokee high school's out-of-town football games this season and broadcast them the following day, according to Station Manager Marvin Smith.

The broadcast of the Blue Devils' first game tonight at Bartow will be tomorrow morning at 8:30, he said.

Negotiations are under way to broadcast Belle Glade away-from-home games in a similar manner.

PAUL M. TEDDER DIES SUDDENLY IN JAX

CANAL POINT — Friends were saddened yesterday to hear of the sudden death of Paul M. Tedder, formerly of Canal Point, who passed away Wednesday night following surgery at a Jacksonville hospital.

He was an electronic research engineer and member of the faculty at the University of Florida. His work in the electronic field had been widely recognized and he had been cited by the Navy for his electronic research during World War II.

Mr. Tedder is survived by his wife and four children of Gainesville; his mother, Mrs. Maude Tedder, and sister, Miss Harriet Tedder, both of Jacksonville, and a brother Harold of Belle Glade.

ELKS WILL HONOR DR. SPOONER SEPT. 29

PAHOKEE — An "appreciation day" honoring Dr. Doster S. Spooner, an early Pahokee resident and outstanding pioneer Glades resident, will be held by the Elks lodge on Saturday, Sept. 29.

Festivities will begin with a barbecue served by Dr. Spooner's former Elks on the lodge grounds at 5:30 p.m. The public, including all members of families, is welcome to attend.

BUSINESS WOMEN'S WEEK IN PAHOKEE AND BELLE GLADE

PAHOKEE — The local Business & Professional Women's Club this week announced its plans for National Business Women's Week, beginning Sunday when the club will attend Church of the Holy Nativity in a body.

Mrs. Ted Johnson is general chairman for the observance, for which Mayor F. S. Parrish has proclaimed "the wonderful work being done by the National Business and Professional Women's Club, and specifically the Pahokee Business and Professional Women's Club."

The local BPW has supported the creation of a new library for the city, and having raised more than \$1,000 for the new Civic Center to house the library, now is planning to supply part of the books for the institution.

At its Tuesday meeting this week, the club, with Mrs. E. C. Johnson, president, presiding, completed observance plans.

Following church attendance Sunday, a Tuesday night social, a high school girls' assembly, and a "Black Night" dinner at Lake Worth are planned, Mrs. Johnson said.

The club will have a special window display of dolls showing fields of occupation for women, on E. Main St. near post office, Mrs. I. M. Gordy, jr., and Mrs. Jack Verhulst will be co-chairmen of a "hobo party" for members and guests at the P.E.C. Railway siding at Canal Point Tuesday night, with catfish stew the main dish to be served on the tracks. Friday, Mrs. Paul Sasser, former BPW District 8 director, and active member of the local club, will address the high school girls' assembly on careers for women. Saturday night all BPW clubs in District 8 will have a "house" banquet at the South Ocean Club. The new home of Mrs. Ruth S. Wedgworth on NW Ave. E.

Council Ups Pahokee City Budget By \$7,000

PAHOKEE — In a session which didn't break up until a late hour, Pahokee's City Council Monday night formally adopted a budget for the fiscal year beginning Oct. 1. Allocated for monies to run the city's business was a total of \$159,680.

The total is about \$7,000 more than was allocated a year ago. Millage was set at 6.5, to raise \$38,386 from real and personal property placed at a 75 percent valuation of \$4,518,673 recently by Hunnicutt & Associates, tax assessors hired by the city.

Growers Talk Of Funds For Adv.

MIAMI BEACH — Many Glades growers and families are expected to attend the annual convention of the Florida Fruit and Vegetable Association next week. Business and social sessions will be held on Thursday, Friday and Saturday.

Among items to be bandied around by Glades growers will be discussions already held formally to assess from 1/4 to 1/2 a cent per package of vegetables sold by area farmers during the coming season.

If the plan is followed, the money would be spent to advertise Glades-grown produce on northern television stations. At an import of 1/2 cent per package, a total of about \$50,000 would be raised, it has been estimated.

SB Receives FPL Payment

SOUTH BAY — The Florida Power and Light Company annual franchise payment to the Town of South Bay was delivered this week by Curtis Chase, local manager of the company.

Chase said this eighth annual payment, amounting to \$3,212.45 is more than 141% larger than the first payment made in 1949 and is 33 1/2% larger than the payment made last year.

Rev. Boyd At County Courthouse Ceremony

WEST PALM BEACH — Rev. James E. Boyd, pastor of First Baptist Church in Pahokee, delivered the invocation Monday at ceremonies officially re-opening the renovated Palm Beach County courthouse.

GLADES DESERVES BETTER

What agency are the hundreds of Glades retail merchants and citizens of Pahokee, Belle Glade, Canal Point, South Bay and Lake Harbor to turn to if they are to benefit from the coming of Pratt & Whitney and other industrial firms to Palm Beach County?

That was the question this week among Glades businessmen who would like to see the area's economy stabilized by an influx of new residents who would be year-round wage earners.

The County Commission, in its regular Monday meeting, seemed to turn a cold back on expressed Glades desires to have an access road built from the Pratt & Whitney site to the Glades area.

Commissioners stated that if the county were to build the road, cost would be so excessive that it might curtail all other Glades road-building for some years to come. One commissioner suggested a special road district could possibly be created for assessment purposes in order to construct the access road.

Mechanics and citizens of the Glades, as well as industrialists considering locating in the county, deserve a considerable investigation as to ways and means.

OBSERVER does not propose that the county in any way crimp its planned farm-to-market or other types of roads in the Glades. Reportedly budgeted by the county for the fiscal year beginning Oct. 1 are these road projects: Avenue E, Belle Glade, \$315,000; 8th Ave., South Bay, \$42,000; Lake Shore Drive, Canal Point, \$147,000; one section of the Muck City-Connors Hwy road, \$178,000; a Memorial Park Road and a "Morgan East-West Road."

Suggesting that the Glades alone should pay for building the access road is like suggesting that the costs for the overseas highway to Key West should have been borne alone by the residents and taxpayers of Key West, when that roadway was built.

In giving fair consideration to Glades interests, why not:

1. Investigate fair new sources of income to be derived from the very presence of Pratt & Whitney and other expected new satellite plants in the county, for purpose of building the access road.

2. Consult with and co-operate with state road department officials about using joint funds for the road.

3. Pursue a minimum investigation to determine if federal funds are available for the road, since industries vital to the national defense are involved, and decentralization from coastal communities likely would be urged by federal officials.

The Glades deserves more careful consideration.

CURRENTLY

The football season officially opens Friday night with Belle Glade entertaining Sebring, Pahokee at Bartow and Okeechobee at Clewiston. Which is a reminder that big slices of Americans are wrapped up in football writers' prose. Consider: a football player is more than that, he's a "grizzer," the football itself is a "pigskin," "the leather" or "the pellet;" when a grizzer carries the ball, he "totes" it, and if he fails to gain through the line, he's "hit a stone wall."

The vacation season is over — except for the mother whose offspring is back in school and whose vacation likely is just beginning, comparatively speaking.

"C of C" is a handy abbreviation for Chamber of Commerce. In the competition of landing satellite manufacturing company which would feed the Pratt & Whitney plant, we hope Glades Chambers become Champion of Chance, "chance" meaning "opportunity."

The government now uses a check writing machine which produces 100 checks a minute. A new one on order — and it will zoom out checks at the rate of 300 a minute. You might say it's made to order for inflation.

NAVY MOVE BLOCKED — Miami business men were happy over a triple play when by Senators Holland, Smathers and Congressman Dante Fascell. The Navy has been supplying our base at Guantanamo Bay, Cuba, with perishable foodstuffs out of Miami.

This food was purchased locally and shipped in a Navy supply ship that made regular runs back and forth to our huge Caribbean base. Then, suddenly, and without any advance notice, the Navy shifted their supply base to Norfolk — and contracted with United Fruit to do the shipping.

They hit a solid wall of protest over that action. The merchants in Miami who have been getting the business from the Chamber of Commerce and other civic groups; all screamed over the change. And the usual Miami play here began to function.

The Navy backed down on their shift to Norfolk; right now they are looking for some American firm to take over the shipping contract in order to raise their local supply ship for duty in the Far East command.

HOLLAND NOT KIDDING — When Senator Holland said he would go all-out for Stevenson and Kefauver in Florida, he apparently meant what he said. The first of this week he opened his Bartow office, at 235 S. Broadway, as he usually does during periods of recreation. Also he has started his swing around the state, giving his regular annual "report to the people" — as he usually does.

"But, this time there is a difference. He will be speaking for the Democratic ticket in no uncertain terms, and passing the word to his close supporters to do all they can to make Florida go Democratic in the national elections come November. He didn't do this last time. His heaviest concentration of work in the party will be in the First District, where his former employee, Winton King, is trying to take the Congressional seat away from Republican Bill Cramer. King has a fair chance of winning, and Holland's help might make the difference for him."

Another good thing about dogs is that they don't possess a lot of clutter which they forget and leave places and bother other dogs to try to find for them.

As when Boss No. 2 came back from vacation, and she couldn't find her reading glasses, and there was an uproar around here for several weeks. Then one day, quietly, Marie our family retriever reached behind several boxes, next-to-top shelf, and brought out the glasses.

The whole episode was pretty silly, since the boss nearly always forgets to put the glasses on for reading, and when she does remember, she keeps 'em on to do everything else even though she can't see three feet in front of her when she wears them.

About the time she finally found them, people-like she was chuckling at an article about the things people forget at Rockefeller Center, in New York.

Every week, the boss and I read a periodical called "FYI," which is the house organ of Time, Incorporated, which also is in the publishing business.

This is a riot, boss bubbled to me, forgetting to put on her glasses, it's a piece called "Night terrors of the Guards," and is all about the extra policing at the Center due to forgetfulness of people.

Brother person who works in the Rockefeller Center beehive, the article explains . . . "is an inexplicable creature . . . although he may be alert and canny from the time he comes to work until just before quitting time, in the few minutes before he dashes to the train he seems as careless as a rabbit on a rug."

Wallets, silver ashtrays, naked cash, all such items can be found lying around on desks at night, after the gray flannel-suited occupants have left, the building guards say. So nightly, they sigh and hide the silver or bear the wallet off in custody, leaving little notes of explanation as to their whereabouts.

Says FYI, "The list of articles turned into his (the superintendent's) office . . . reads like the will of an eccentric aunt. In this month's haul: on Oriental bracelet, a pair of binoculars, two ladies' sweaters, a Gene Autry gun and holster set, \$1.11 in change, two cash boxes (one empty, one empty), a box of assorted cookies."

It was another issue or so after the foregoing appeared that the same publication carried in its lost-and-found notices that somebody had lost an aardvark, a bad-tempered one, and would appreciate its return.

I scurried to the dictionary and found that an aardvark is "an ant-eater, burrowing mammal."

The notice didn't say how its owner happened to have an aardvark in the first place, since where in Manhattan is an aardvark to find ants (the city is too crowded for ants, except at Central Park zoo) or burrow (unless this is a subway-riding aardvark?)

At any rate never to this very day have I found record that a dog lost or lost anything. Look at the lost-and-found in this or any newspaper.

You'll never see something like "LOST, one owner. If found, please return to Fido Frobbish, Phone 10000. Small reward."

We just have better sense.

Rx For Cattle: Kill Those Parasites With Drugs

GAINESVILLE — Autumn worming of livestock is important and here are tips from Dr. Walter R. Dennis, Experiment Station assistant parasitologist.

Calves at weaning time should get 10 grams of phenothiazine per 100 pounds of body weight. If they are in liver fluke areas, give them 10 grams of hexachloroethane per 100 pounds of body weight. Since neither treatment will kill immature stages of the parasites, repeat the treatment in 21 days.

In liver fluke areas some livestock men give a combined dose of phenothiazine and hexachloroethane, not more than 10 grams of each drug per 100 pounds of body weight, repeated in 21 days. Dr. Dennis suggests, however, that this combined treatment be tried first on a few of the herd animals before it is given to all of them.

Don't give this combination treatment to mineral-deficient herds, he warns, and give weak animals a half dose of worm medicine the first time, a full dose 10 days later.

Dr. Dennis also points out that the maximum dose of either of the drugs is 60 grams per animal, and that phenothiazine or hexachloroethane should not be given dairy animals during production, only during dry periods.

In liver fluke areas older animals need worming too, as liver flukes attack all age animals. The veterinarian suggests keeping young animals on separate pastures from older ones, since the older ones can be carriers of parasites without showing symptoms.

Dr. Dennis says moving the animals to a different pasture every two to four weeks, or moving them to temporary pastures, will reduce the number of parasite larvae to which the animals are exposed. Many larvae hatch from eggs on pasture where there are no animals grazing die before they get a chance to infect cattle. Dry weather and sunshine help kill them.

Low level phenothiazine feeding has not always had favorable results in Florida, he notes. Such feeding will

Kenny Foundation Broadens Work In Treatment, Research Fields

Minneapolis, Minn.—Scientists, professors and department heads of leading medical schools across the country are cooperating in the expansion of medical programs of the Elizabeth Kenny foundation, according to Marvin L. Kline, national executive director.

The program, he explained, includes medical research, and the sponsoring of fellows and medical seminars and scholarship grants. The medical research program which the Kenny foundation is sponsoring at its own treatment centers and a number of universities across the country is not limited to the field of polio, but includes other neuromuscular disorders of various kinds, he asserted.

"Included on the medical advisory committee and planning committee set up by the Kenny foundation to help provide greater service," Kline said, "are doctors who are affiliated with the various departments of the following schools:

"University of Minnesota, Minneapolis, Minn.; Stanford University, Palo Alto, Calif.; University of California, Los Angeles, Calif.; New York University, New York City, N.Y.; Columbia University, New York City, N.Y.; Ohio State University, Columbus, Ohio; Baylor University (hospital), Dallas, Texas; Mayo Clinic, Rochester, Minn.; College of Medical Evangelists, Los Angeles, Calif.; McGill University, Montreal, Canada; Washington University, St. Louis, Mo.; University of Wisconsin, Madison, Wis.; University of Michigan, Ann Arbor, Mich.; University of Illinois, Urbana, Ill.; Herman Hospital, Houston, Texas; and Marquette University, Milwaukee, Wis."

"The Kenny foundation's expanding rehabilitation program offers help to persons of all ages who have nerve, muscle or joint disabilities which our medical staff believes may be lessened by such treatment."

The program of the Kenny foundation is made possible through funds contributed by the public.

"During the 1955-56 season I used DITHANE M-22 exclusively on over 1000 acres of tomatoes. Disease control was excellent . . . In spite of generally poor growing conditions my overall average yield was 350 field boxes per acre, which was highly satisfactory under the year's conditions."

JOHN W. CAMPBELL

For excellent tomato disease control—grower uses Dithane M-22 exclusively

During the past few years, one prominent grower after another has found that DITHANE M-22 (maneb) helps give the highest possible yield of marketable tomatoes that growing conditions permit.

There are three reasons: (1) DITHANE M-22 gives outstanding control of late blight and also protects effectively against gray leaf spot, early blight, Septoria leaf spot, gray mold and anthracnose; (2) it is safe for blossoms, fruit, and vines when used as recommended; (3) it helps the vines stay healthier, with rich green foliage.

If you spray, you can obtain DITHANE M-22 in two bag sizes with just the right amount of wettable powder for any standard tank capacity. Your local dealer also has blended dusts containing DITHANE M-22 with or without insecticides.

DITHANE is a trademark, Reg. U. S. Pat. Off. and in principal foreign countries.

Shades Of Huck Finn, Scouts Plan 'Raftcade'

A "raftcade" down the Kissimmee River from the Fort Babinger bridge to Lake Okechobee will become one of the major field trips of the year for Pahokee Troop 28 Boy Scouts if tentative plans now being studied materialize.

A meeting of Green Bay boys including officers of the troop, has been called for Tuesday night to work out plans for the raftcade which is to include a flotilla of Scout-made rafts, with four Scouts to ride on each raft. The distance to be traveled will be approximately 45 miles as the river winds not as the crow flies.

The raftcade was originally scheduled as a summer project by Troop 28 but the dry weather made the river almost unnavi- gable in spots. The heavy rain the past few weeks has raised the river to the level where the trip is now feasible, according to Scoutmaster Louis Mims.

Members of Troop 28, accompanied by Scoutmasters Mims and Jappy Lindsey, spent the weekend camping at the edge of the Atlantic Ocean on Juno Beach. The 21 Scouts who made a trip enjoyed swimming, riding and worked on advancement while at camp.

21 Women In Area Girl Scout Training Program

APPRECIATION DAY AT PAHOKEE BAPTIST

Sunday is Appreciation Day in the First Baptist Church in Pahokee. Every member and committee member in the church will be recognized and words of praise for a job well done this year will be spoken by the pastor.

At the evening hour on Sunday—all of those who have participated in the church's training program will receive their awards and diplomas. This is an annual affair in the life of the church.

Next week is Preparation Week in the Sunday School. The book, "Pull of the People," will be studied and used as a guide in planning the next 12 months of Sunday School work. Classes will be held each night Monday through Friday.

On Thursday evening, Sept. 27, at 7:30, in the First Baptist Church in Pahokee, Rev. William E. Burke, from the First Mission Board in Atlanta, will speak. Mr. Burke has been field worker for the board since March, 1954.

WILL DEDICATE BAPTISTS' NEW SANCTUARY OCT. 14

Oct. 14 has been set as the day for the formal dedication of the new sanctuary of the First Baptist Church in Pahokee. A full day's schedule of activities will include Sunday School and morning worship's basket lunch on the ground, and dedication services in the afternoon beginning at 2 o'clock.

The evening will include Training Union and a concert of organ music. Former pastors, denominational leaders, pastors of the county and local churches and congregations will be invited along with friends and former members of the church.

AREA MYF MEETING IN LAKE HARBOR

Lake Harbor Methodist Church was the scene Tuesday night of the sub-district Methodist Youth Fellowship. Susie Hemphill led the devotional, assisted by Idella Plank and Claudy Weaver. Aileen Hemphill gave a talk on "Outreach," explaining how the MYF could help others at home and abroad.

Helen Sheppard of Canal Point, president, presided. Pahokee, Belle Glade, and Lewiston churches also were represented.

FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade CHRISTIAN SCIENCE GROUP, Canal Point

How spiritual understanding of the real nature of man and the universe brings harmony in human experience will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Reality" will include the following selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (335:27-29): "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal."

Among the passages to be read from the King James Version of the Bible are the following: (Psalm 33:1, 4, 5); "Rejoice in the Lord, O ye righteous; for praise is comely for the upright . . . For the word of the Lord is right; and all his words are done in truth. He loveth righteousness and judgment: the earth is full of the goodness of the Lord."

Membership Day

At BG Methodist

Sunday will be Membership Day at Community Methodist Church in Belle Glade, climaxing this week activities in Friendly Visitation Week. New members will be taken into the church at that time.

The Sunday School is making great plans for an attendance campaign which will be climaxed at Rally Day, Oct. 7, with, it is hoped, attendance by all members of the Sunday School. All classes are contacted by the pastor and prospective members of their classes, and attendance preparing for that attendance on that day. At that time perfect attendance pins will be awarded to those who have been present every Sunday of the year, and boys will be given to those with their second year of perfect attendance.

A Fall education seminar of the Women's Society of Christian Service was held yesterday at Vero Beach, and another will be held next Thursday at Ft. Lauderdale.

LH BAPTIST PASTOR MOVING TO OXFORD

Rev. Harold Harlie, concluding a five-year ministry at Lake Harbor Baptist Church, has received a call to assume the pastorate of the Oxford Baptist Church. In point of service, Rev. Harlie is senior Baptist pastor of the Glades region, and is well known as a frequent speaker on the radio devotion program.

During his stay at Lake Harbor, an educational annex was added, and the church re-roofed. Several other improvements were made on church and parsonage property.

"We have had a happy ministry in the Glades area," Rev. Harlie said, "and want to thank everyone who has helped make our stay a pleasant one. We shall remember with fondness the Lake Harbor friends, but also many close friends in neighboring towns, and wish them every good thing."

BELLE GLADE

THE TEENAGERS

BY FRANCES FONTAINE

Hi, Rams and Devils! I'm here to tell Pahokee a bit about Belle Glade and let Belle Glade know what is going on right under our noses.

Last Friday night in Clewiston the annual football clinic was held. We think Belle Glade showed great results. We are hoping that we will be able to relieve Pahokee of the bothersome task of keeping the loving cup the Blue Devils won from us last year!

We play Seacrest tonight and the Pep Club is sponsoring a dance in the gym after the game. Admission is 50 cents, "wag, stag or drag."

Our boys have been practicing real hard this summer and they really deserve our support. I think right here I ought to mention the great work Coach Maynor and Coach Ouellette have done in coaching our boys. We think we have a great team this year and plan to show all who we play quite a difference from that of the way we played last year.

Let's do our part by going to every game and making sure we have the largest and loudest cheering squad. I hope our scores are as high as our hopes! See you at the game and dance!

Rogers Announces Guard Exams

Congressman Paul G. Rogers has announced that the competitive examinations for entrance to the U.S. Coast Guard Academy will be held nationwide on Feb. 25 and 26, 1957. These examinations will be given in 111 cities.

Congressman Rogers emphasized the opportunity offered young men who choose this four-year course which leads to a bachelor of science degree and a commission as a career officer in America's oldest sea-going service.

"There are no appointments or geographical quotas for entrance to the Coast Guard Academy," he said. "I urge all qualified young men who are interested in a worthwhile profession to write for details and applications as soon as possible to Coast Guard Headquarters in Washington, D.C. Applications must be postmarked on or before Jan. 15."

A candidate for the next examination for the Coast Guard Academy must be a male, must have reached his 17th but not his 22nd birthday by July 1, 1957, and must be in excellent physical condition.

A high school diploma is the minimum education requirement, although high school seniors assured of being graduated by June 30th are eligible to take the examination if they will have at least 15 credits by that time. All applicants must have three units of English, two of Algebra, and one in Plane Geometry by graduation.

GLADES FOOTBALL TEAMS TO OPEN SEASON TONIGHT

BELLE GLADE — Both Coach Jim Maynor and his '56 Belle Glade Golden Rams football team make their Suncoast Conference debut tonight, entertaining Seacrest high of Delray-Boynton Beach at 8:15.

Although neither team is expected to be a conference title contender, Belle Glade goes into the battle slight underdogs.

Maynor has instilled his charges with inspirational fervor, and the game very well may show surprise progress from the experience-starved Rams.

Mainstays of the Rams eleven, on the basis of pre-schedule workouts, are Ken Norris, 215-lb. left guard, John Prevatt, 220-lb. right tackle, and B. E. Braddock, 170-lb. triple-threat quarterback.

Seacrest has a decided weight advantage, especially in the backfield, which averages 169 lbs. to Belle Glade's 156½. Up front, the Rams are out-weighted 181 lbs. to 175 lbs.

Standouts for Seacrest include the Gloskowski brothers, Tackle Ed rated as a top lineman and Fullback Walt a promising back.

Seven of the Ram starters have not fully recovered from scrimmage bruises, and Billy Jackson has taken over the halfback role of Jeff Thomas, who will see only limited duty.

Starting lineups: BELLE GLADE — le, Jones; lt, Vance; lg, Norris; c, Royal; rg, Kirchman; rt, Prevatt; re, Armstrong; qb, Braddock; lb, Burkett; rmb, Jackson; fb, Friedheim.

SEACREST — le, Perry; lt, Scholten; lg, Ketola; c, Byrd; rg, Doherty; rt, E. Gloskowski; re, Morobitto; qb, Eisenhardt; lb, Clark; rmb, Burns; fb, W. Gloskowski.

YOU CAN STILL REGISTER TO VOTE

BELLE GLADE — According to announcement by Dewitt Uphegrove, county supervisor of registration, all registrations books will close at 5 p.m., Oct. 6, with the deadline for applications for absentee ballots Oct. 1.

Pell takes his games one at a time, and he hopes to upset, among others, the opinion of a visiting sporting goods salesman this week who informed him Pahokee is far out of its class in playing Bartow.

"You'll lose by five touchdowns," the salesman said.

Come what may, the Bartow encounter will be beneficial for the Devils' later competition in the Suncoast conference. Bartow had a record last season of eight wins, no losses and two ties, and was champion of its own conference.

Pahokee will be operating at half-strength on offense, as stellar Fullback Weldon Carvin has been hobbled with a charley-horse. He'll be used sparingly on defense and for punting duties.

Dick Weeks will start at fullback, along with Clyde Alley at quarterback and Earl Meredith and Cliff Stuart at the halfbacks. Up front, the ends are Beverly and Mobley, Hitchcock and Thompson will be at the tackle posts, Shackford and Waddell at guards, and Shepherd at center.
